Session 3: Magnetism and Superconductivity (Chairs: Bella Lake & Lukas Beddrich) - PPS-1 (10:30 - 12:10)

time	[id] title	presenter
10:30	[34] Magnetic Morphology and Exchange-Coupling in Cobalt-Doped Iron Oxide Core-Shell Nanoparticles	
10:50	[127] Going to Extraordinary Lengths in Superconducting Vortex Matter	BREMS, Xaver Simon
11:10	[45] Magnetic order in the topological Kagome metals RMn_6Sn_6 (R= Dy, Gd, Yb)	
11:30	[73] Distorting an antiferromagnetic kagome lattice: Magnetism of single-crystalline clinoatacamite	HEINZE, Leonie
11:50	[12] Neutron scattering fingerprint of vortexlike flux closure in nanostructures	Prof. MICHELS, Andreas
