

Deutsche Neutronenstreutagung

Mittwoch, 18. September 2024

Session 8: Soft Matter (Chairpersons: Franziska Gröhn & Max Hohenschutz) - PPS-2 (09:00 - 10:20)

time	[id] title	presenter
09:00	[60] Investigating the Localization of Dyes within Surfactant Micelles using CV-SANS	
09:20	[53] Proteins meet colloid physics: The importance of hydrodynamics, polydispersity and patchiness - new possibilities with neutron spectroscopy	
09:40	[65] Interaction of DOPG model membranes with the saponin aescin	HELLWEG, Thomas
10:00	[74] On the (absence of) structure of nanoparticles in solutions and polymer matrices
