

JCNS Workshop 2024, Trends and Perspectives in Neutron Scattering: Functional Interfaces

Mittwoch, 9. Oktober 2024

Interfaces in energy materials (13:30 - 14:45)

time	[id] title	presenter
13:30	[19] Neutrons as key technique for a better understanding of lithium and post-lithium batteries	VILLEVIEILLE, Claire
14:00	[7] Building better batteries with insights from neutrons	PAUL, Neelima
14:30	[22] Small-angle scattering analysis of capillary rise in micro- and meso-porous carbons	GOMMES, Cedric
